STATION ANNOUNCEMENT

(Please Read Carefully)

Our first planting in this new location produced results far beyond our expectations, both in quality of bloom and roots harvested. Many of the newer varieties were all that was claimed for them while others did not come up to our standard of DESIRABLE DAHLIAS. Advance orders in the field depleted several varieties which will not be listed.

Visitors are always welcome. We are located on the Gig Harbor Highway three miles south of Port Orchard and seven miles from the Harper Ferry Dock. In coming from Seattle (The City of Flowers) take the Ferry at Fauntleroy and get off at Harper. Drive to the Gig Harbor highway, turn left and drive two miles where you will see a field of Dahlias any time after the 10th of August.

From the many testimonials received we feel justly proud of our stock and method of doing business. NORTHWEST grown stock is known the world over, of which there is none better. We appreciate early orders, but all orders accepted subject to any contingencies that might arise from crop failure, labor conditions, prior orders or any condition beyond our control. No advance orders will be held after May 15th unless paid in full. On this date all unsold stock is set aside for planting.

GUARANTEE—We fully guarantee all our stock to be true to name and in good growing condition. If any errors occur or any variety fails to grow we stand ready to replace or refund the purchase price. ROOTS only are offered, no green plants.

TERMS—We require cash with order, or 25% deposit to hold early orders, balance to be sent before shipping. WE DO NOT SHIP C.O.D.—This is an added expense to you and more time and work for us. All our stock is mailed on Rural Route. We prepay all orders over \$2.00, on less amounts kindly send sufficient postage to cover. We will accept stamps up to \$3.00 in denominations from 1c to 10c. Make all checks and money orders payable to J. E. HULIN.

SHIPMENTS—We start shipping the first week in April. If you want your order earlier we will pack as frost proof as possible and ship at Purchaser's risk.

REMEMBER—To always sign your name and address, giving your Zone No. if your city is zoned. Your name is always plain if PRINTED. Washington customers be sure to add the sales tax.
